Panelist

Dr. Adaeze Oreh

Special Adviser to Ministry Of Health Nigeria

Dr. Adaeze Oreh is a Consultant Family Physician, Country Head of Planning, Research and Statistics for Nigeria's National Blood Transfusion Service (NBTS) and Senior Health Policy Advisor at the Federal Ministry of Health with over 17 years of private and public healthcare experience. Working alongside policymakers, Dr. Oreh advocates for blood policies that reduce maternal and child mortality rates, reduce the transmission of infectious diseases through unsafe blood transfusions, and improve the distribution of safely screened blood to remote and conflict-affected communities.

Between 2009 and 2014, Dr. Oreh was the Coordinator in charge of Abuja, Nasarawa, and Niger States for NBTS, where she worked in collaboration with the Federal Ministry of Health, the US Centers for Disease Control and Prevention (CDC), and the US President's Emergency Plan for AIDS Relief (PEPFAR). Her role was critical to national policy formulation, information management, operations supervision, quality assurance, and emergency preparedness and response. During the COVID-19 pandemic, Dr. Oreh has employed her risk communications expertise, taking part in 30 interviews and publishing over 50 editorials to help educate the public on the pandemic.
